Palmer[®]

be true to your sound

Palmer® began as a small German custom manufacturing company and has since become a renowned international brand for audio engineers and musicians. Since 1980, we have been crafting professional audio tools for use on stage, in broadcast, and in recording studios.

Our diverse product range now includes speaker simulators for tone enthusiasts, innovative pedalboards and power supply systems, studio monitors, monitor controllers, and reliable audio tools like DI boxes, line isolators, splitters, and mergers.

Our dedication to pristine audio signal integrity, accuracy and attention to detail is our hallmark, all while adhering to our motto: "Be true to your sound."

YOUR POWER TO
CONNECT

Cables are so much more than just a signal conductor surrounded by PVC. They connect!

They don't just link devices together: they're the invisible – yet also indispensable – piece of the puzzle that makes a show run.

Choosing the right cable for your application is not always an easy job. We provide you with solutions for finding your cable quickly – such as our clear series system (5 STAR, 4 STAR, 3 STAR) which is applied to all our products – where you are able to see the differences at first sight. Then there's the easy and effective tool (Cable Explorer) in our Webshop.

It's up to you to take as much time as you want for finding your product... but with us, it can happen very quickly, no matter whether it's a guitar going into an amplifier, one moving head to the next, or the socket to the power strip. We're able to give you the perfect products and providing **YOUR POWER TO CONNECT!**

adamhall.com/ADAMHALLCABLES

PALMER® CABLE

3 STAR HDMI

VIDEO CABLE HIGH SPEED HDMI 1.4

- High Speed HDMI Cable from our 3 STAR SERIES
- With high quality HDMI-A connectors – because of their gold-plating they are more resistant to abrasion
- The transfer rate goes up to 10.2 Gbit/s and therefore corresponds to the HDMI 1.4 standard
- Our 3 STAR version supports ARC (Audio Return Channel) and can be connected to the audio output device directly
- The cable consists of a jacket made of soft-PVC for a robust product, but yet light cable routing

Item No.:

K3HDMI0100 / K3HDMI0300
K3HDMI0500 / K3HDMI0750

adamhall.com/VIDEO-CABLE

4 STAR HDMI

VIDEO CABLE ULTRA HIGH SPEED HDMI 2.1

- Professional Ultra High Speed HDMI Cable from our 4 STAR SERIES
- The gold-plated contacts of the connectors do not only guarantee a longer life-time, they also make the data transmission run as best as can be
- HDMI 2.1 is able to deliver a resolution up to 8K, for the best possible video experience
- The HDR capability gives you an even better color result, as it adjusts the brightness of each pixel
- The original Adam Hall Cables® designed plugs not only give you the right grip, they are also a real eyecatcher

Item No.:

K4HDMI0100 / K4HDMI0200
K4HDMI0300

adamhall.com/VIDEO-CABLE

4 STAR CATBOX

AUDIO & DMX ADAPTER 3-POLE OR 5-POLE XLR
FEMALE OR MALE X CAT.6a

- Multicore with network cable to XLR (AES/EBU compliant)
- This adapter is made for transporting four different balanced signals via only one LAN cable
- The robust braided jacket per conductor-pair protects the cable against external influences
- The different versions are compliant to each other – which means that the numbers on the connectors are identical for each product of ours
- Perfect for use on stage or in the studio

Item No.:

K4CATBOXXF3 / K4CATBOXXF3
K4CATBOXXF5 / K4CATBOXXF5

adamhall.com/4-STAR-CATBOX

DEFENDER®

PROTECT YOUR WORLD!

If you organize events, you know you have a special responsibility for both people and equipment. Cables and hoses are easily damaged and can quickly become trip hazards. Whatever the environment, be it industrial halls, construction sites, trade fairs, or on film and television sets, those responsible within the industry, our public institutions, civilian rescue services, fire brigades and the military, must find the most effective way to protect the working environment.

DEFENDER® cable protectors, are the German made solution with an innovative, non-slip surface design. They protect cables and hoses at different load levels, including defense and accessibility by heavy goods vehicles. Our highly robust cable protection systems consist of particularly hard-wearing, recyclable TPU (thermoplastic polyurethane). They meet the highest quality standards and are easy to use, thanks to their secure locking lids and self-cleaning hinges. Regularly tested and approved by TÜV-SÜD. DEFENDER® also offers custom-made products and system solutions to meet unique individual requirements.

LET'S COME TOGETHER

The Adam Hall Group Experience Centre at our headquarters in Neu-Anspach, Germany, which opened in 2018, is a source of inspiration, a think tank and a co-working space all in one – not just for us, but for the entire event industry. This is where we look into the future of events together with you, our partners, customers, and experts and where we can enjoy open dialogues about technology, trends and everything that moves us when it comes to events.

Inside the Experience Centre, future-oriented solutions for music equipment, integrated systems, live events and industrial applications are being developed, tested in our laboratories, and presented to you right here – in our permanent showroom, or even in our sizeable auditorium. Yet it is also home to so much more: besides the prototypes of the future, it also houses countless historical collector's items from several decades of music and event tech history.

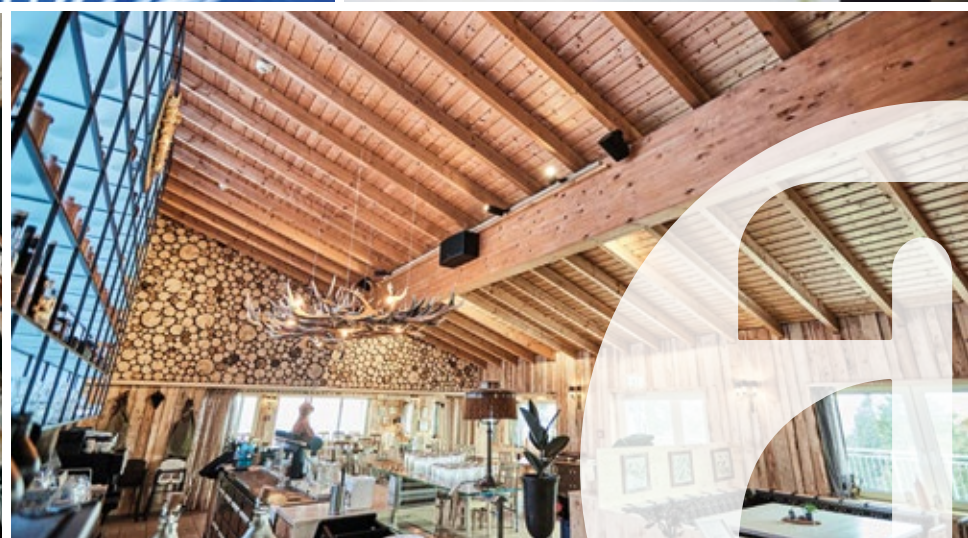

Since 2023, you have the opportunity to experience the Adam Hall Group "Surround Experience" exclusively in our German Experience Centre. The synergy of audio and light with the products of our brands LD Systems and Cameo was created in collaboration with the German Film Orchestra Babelsberg and Simple Minds producer and sound engineer Peter Walsh.

By inviting you to visit us we want to share a piece of our passion and creativity with the world. Whether it's at our Experience Centre, a trade show, or any other event, **let's come together!**
