## **Why LD Systems® ?**

As a user, you are in good hands with LD Systems®. Your enthusiasm is our benchmark. Whether you are an event technician, system integrator, mobile DJ or musician – your needs are at the heart of every decision we make. We are passionate about developing professional audio solutions that make your life easier on the job and meet your high expectations for sound and performance.

## Our mission.

Our mission is to ignite people's passion for sound around the globe with professional and clever audio solutions, and enable everyone to share unique moments of togetherness.

## Who we are

With us, you'll experience some of the best customer support in the industry – true to the motto „Your Sound. Our Mission.“

LD Systems® professional audio product lines include innovative, high-performance PA systems, advanced speakers and subwoofers for live events, installations or battery-powered outdoor use. LD Systems® wireless microphone and in-ear monitoring systems provide full freedom of movement and reliability for artists on stage and excellent speech intelligibility for speakers in conferences. From tweeters to subwoofers, or from mobile PAs to installed systems, our goal is to always represent the latest state of sound technology.

We put the user first, meaning that simple, intuitive, and efficient operation is already factored in at an early stage during development. From ergonomic handling to user centric and intuitive operation.

The same passion that takes hold of a musician on stage is what the engineers and designers at LD Systems® place into our products. These are not only sound technology specialists, but also sound technology enthusiasts, who passionately work out every detail until the sound and design meet the highest of standards.
